

SAVE OUR CHURCH

Dear neighbours,

As residents of the Parish of St. Barnabas, you may have already heard that St. Barnabas' Church, Nelson Road, is under threat of closure. This could not only mean losing another holy place of Christian worship within the Church of England, and an important community facility that has served local people for over 120 years, but also result in one of Gillingham's great Victorian buildings being converted to more housing, or even demolished.

HOW YOU CAN HELP

Please sign the slip below and deliver to Belinda at 39 Nelson Road, or sign our online petition by visiting www.stbarnabasgillingham.com.

Want to do more? If you have time, you could also enclose a letter explaining why you want your church to remain open. For more information on the threat to St. Barnabas' Church, and what else you could do to oppose its closure, please visit the website above or e-mail steven@stbarnabasgillingham.com. If you prefer to telephone then please contact Belinda on 01634 579081 or Steven on 07930 753838.

I/We, the undersigned, oppose the proposed closure of St. Barnabas' Church, Gillingham, and urge the Church Commissioners to allow the congregation of St. Barnabas, along with the local community, a designated time period of at least 12 months to prove its greater long-term viability.
